MEMORANDUM FOR THE RECORD

SUBJECT : Concurrence in Amendment No. 2 to Contract No. NY-B-5111D  
Baird-Atomic Inc., Cambridge, Massachusetts Project CHALICE  
(Navy).

1. This memorandum contains a recommendation submitted for approval of the Deputy Director (Plans). Such recommendation is set forth in Paragraph 5.

2. Contract No. NY-B-5111D is a CPFF type and is amended to provide for additional work as requested by the Navy, extend the period of performance, and establish fixed overhead rates for the period ending 30 September 1958. The amendment also provides for new provisional billing rates effective for the period beginning 1 November 1958. Billings for October 1958 will use the provisional rates presently in the contract.

3. This Amendment No. 2 provides for an increase of \$12,915.00 or a total consideration of \$228,333.00. The \$12,915.00 should be obligated during Fiscal Year 1959 against "No Year" Navy funds. By concurrence to this memorandum, the Comptroller signifies that sufficient funds are available for this additional obligation.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 8(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress, for each contract.

5. Approval of Amendment No. 2 to Contract No. NY-B-5111D and execution thereof on behalf of the Agency by the authorized Contracting Officer is recommended.
